Dear Bill:

Many thanks for your letter of October 13 and what you have said in it. I have made no definite plans for the future but I certainly do not expect to retire from work and I have certain ideas about some writing within an area which would not involve security matters.

Also I hope to give a little more time than I have over the past years to our mutual problem, young Hugh. At last report things seemed to be going reasonably smoothly.

Again, thanks for your letter.

Sincerely,

Allen W. Dulles
